BABY'S ITCHING HUMOR.

INothing Would Help Him-Mother Almost in Despair-Owes Quick Cure to Cuticura.

"Several months ago, my little boy began to break out with itching sores. I doctored him, but as soon as I got them healed up in one place they would break out in another. I was almost in despair. I could not get anything that would help him. Then I began to use Cuticura Soap and Cuticura Ointment, and after using them three times, the sores commenced to heal. He is now well, and not a scar is left on his body. They have never returned nor left him with bad blood, as one would think. Cuticura Reme dies are the best I have ever tried, and I shall highly recommend them to any one who is suffering likewise. Mrs. William Geeding, 102 Washington St., Attica, Ind., July 22, 1907."

Once upon a time there was a very little boy who desired to go out for a walk with his nurse, but it was raining that day, so he couldn't. But he was consoled when informed that he might go the next day.

Alas! When the next day came rain was still coming down without abatement. The little boy looked disconsolately at the heavens.

"God is getting very careless," he

Mercenary Marriages. "Dinna marry for the siller, Jock," said old Sandy, sagely, to his son, who seemed to show symptoms of the awakening of a young man's fancy; "gin ye dae, ye'll aye regret it. PERUNA A TONIC OF GREAT USEFULNESS.

HON. R. S. THARIN. Hon. R. S. Tharin, Attorney at Law and counsel for Auti-Trust League, writes from Pennsylvania Ave. N. W., Washington, D. C., as follows:

"Having used Peruna for catarrhal disorders. I am able to testify to its great remedial excellence and do not hesitate to give it my emphatic endorse-ment and carnest recommendation to all persons affected by that disorder. It is also a tonic of great usefulness." Mr. T. Barnecott, West Aylmer, Ontario, Can., writes: "Last winter I was ill with pneumonia after having la grippe. I took Peruna for two months. when I became quite well. I also in-duced a young lady, who was all run down and confined to the house, to take Peruna, and after taking Peruna for three months she is able to follow her

trade of tailoring. I can recommend Peruna for all such who are ill and require a tonic," Pe-ru-na Tablets. Some people prefer to take tablets, rather than to take medicine in a fluid form. Such people can obtain Peruna tablets, which represent the solid me-dicinal ingredients of Peruna. Each tablet is equivalent to one average dose of Pernna.

New and Old Methods of Cooking Meat

Dishes

Swiss Roast.-Take a round steak about two or two and a half inches thick; pound into it as much flour as it will take, using the edge of a heavy plate for that purpose. When the flour has been pounded into both sides put the meat into a skillet with some lard and brown it on both sides, or use oil instead of lard. Then cover with water, adding onlons enough to flavor and a whole ripe tomato or an equal quantity of canned tomatoes when the fresh vegetables are not in season. Cover tightly and cook for two hours, adding more water as necessary during this time. Just before 'the meat is done, salt and pepper to taste. A little of "Grandma's Spanish Pepper" is nice. Delicious as this dish is when served hot, it is also very nice

Economical Ragout,-Put four tablespoonfuls of butter in pan and brown. Have two and a half pounds of round steak cut about two inches thick and |ed. fry brown on both sides. Cut up four onions, two tomatoes, and one green pepper; pile on top and around meat. Season to taste. Fill pan with water, cover, and boil slowly until done, and you have a dish fit to set before a

Swedish Meat Balls .- One pound of round steak, one pound of fresh pork, one cup of cracker crumbs one cup of milk, one egg. Make into little round balls and fry about 20 minutes.

Stew for Two.-Take a small roast of any kind of about two pounds, or chicken. Put in a faving pan in which two tablespoonfuls of lard or butter has been heated. Then put your meat in and keep turning it so it will brown on every side. Then add a teaspoon of sugar, a tablespoon of vinegar, a handful of flour, and a pinch of pep per. Turn into a larger vessel, add enough water to almost cover meat, put cover on and cook slowly for half an hour. Then add six onions and six potatoes and cook until done. Last of all season with salt. Result is a nice stew with plenty of brown gravy.

Baked Ham .- Get a ham and let it soak in cold water over night. In the morning pour off water and cover again with cold water, and add one cup vinegar and one cup molasses; boil until tender: then stick a few cloves in the ham and sprinkle top lightly with sugar, and bake for about an hour. Then serve hot. This way of cooking ham gives it a fine flavor. and it is not too salty. It slices nicely cold for luncheon the next day.

Ham Patties.-Chop cold boiled ham add one-third as much bread crumbs. moisten with milk. Fill patty or biscuit pan about two-thirds. Set in moderately heated oven and when hot break an egg over each patty (be careful not to break yolk), then set back into oven until the eggs are cooked. When slightly cooled serve on lettuce leaf.

Pantry Brushes.

Butler's pantry brushes are invaluable to the neat housekeeper. They get into corners and crevices that the ordinary brush fails to reach. One of the most useful is shaped in a right angle with the sides about three inches high and bristles bordering both corners. The wooden frame does not quite finish out the square, for in the opposite corner the wood is rounded and made into a handle. Another satisfactory cleaning brush has an 18-inch handle with what looks like a gigantic tooth brush on one end and a round, flat brush on the other. These are helpful in cleaning shelves and corners that would otherwise be out of reach.

Pimentoes as a Garnish. Not enough hostesses make use of the small sweet peppers called pimen-They are artistic accompani ments to many dishes, with the added advantage that they can be eaten.

They will quite transform ordinary shredded cabbage if made as a border around the edge of the salad dish, the whole masked with mayonnaise, Equally attractive are they when edging a border of rice around stewed chicken or surrounding boiled fish with white sauce.

To Clean Woodwork.

Save the tea leaves for a few days. Steep them in a tin pan for half an hour, strain and use the tea to wash all varnished woodwork. The tea acts as a strong detergent, cleansing the paint from all impurities and making the varnish equal to new. It cleans window sashes and off cloths. It washes window panes and mirrors much better than water and is excellent for cleansing black walnut. It will not do to wash unvarnished paint

Deviled Chicken.

Beat up one egg, add half a teaspoonful of dry mustard, a quarter of a teaspoonful of salt and half a teaspoonful of curry powder. Mix well. Divide a cold cooked chicken into neat joints, rub over with a little flour Brush over each plate with the egg mixture, cover with fine bread crumbs place in a baking tin with three heap ing tablesnoonfuls of butter. Bake ir a hot oven for 15 minutes. Garnist with friend prasley and sever hot."

Peanut Salad.

One teacup peanuts shelled and soaked in olive oil a few minutes, two teacups celery in small pieces, one dozen pitted ripe olives; serve on let tuce leaves with mayonnaise dressing

Corn Dodgers.

Two cups Indian meat, one cup floar two-thirds cup molasses, two eggs, one quarter teaspoon soda. Mix with half a cup hot water. Fry like pancakes. Split and butter when you eat them.

Place three or four thin slicer of secon on the top of a roast. This gives a good flavor and makes the roast.

Collector of Criminal Records.-Will McClaughry, head of the United States bureau of identification at Leavenworth, has probably the largest collection of criminal records in the world at his headquarters in the federal prison. He has 10,959 photographs of United States prisoners from the state institutions and over 10,000 finger print records of criminals besides nearly 27,000 cards containing names and criminal records.

Kansas Students Best Judges .-The beautiful silver cup offered by the Kansas City Stock Yards comprice of raw sisal, the material used pany for proficiency in stock judging by college students passes into the possession of the State Agricultural college at Manhattan for the ensuing twelve months. This splendid trophy was first competed for at the American Royal show last year and was won by the lowa team. In the contest this year, held Monday, October 12, Prof. Kinzer's aggregation of stock judges secured the victory in before. The shipments of sisal have a closely contested fight, Ames taking second place and the Missouri boys third. In order to secure permanent possession of the trophy the same college must win three successive times.
